

A good shave suits  
any man.

If you want to look attractive,  
you have to look great  
undressed.

Whether hair or beard, long, short or clean-cut – what matters is to make a good impression. Good to know that everything is possible using our appliances and their mostly multifunctional features. Superbly flexible.

**The ideal solution for any problem.**

With body hair, every man has his problem zone. Of course we have the solutions to all your problems here. This means: not using countless hair cutters, shavers and trimmers, but a manageable range of very flexible and practical appliances.

We are sure that this concept is in tune with what you want. Not only because you can create a new look for the length of your hair to suit your mood. But also because the excellent quality of the materials and workmanship will keep you satisfied for a long time to come.

**PREMIUM** LINE

## Hair and Beard Clipper MC 8641

**Give your hair a great deal of strength!**

Do you have really thick or long hair? Then, a standard motor may be insufficient. This top hair clipper with its maintenance-free, stainless steel cutting head and 40 mm trimmer width solves all your problems with turbo power. If required, just switch to the turbo function. Also ideal for trimming wet hair! The easy-to-use extendable combing system allows for hair lengths of 1.5 to 40 mm in 15 even increments. With trimming levels and 2 charge indicators. Scissors, comb, brush and charging stand are included in the package.

**PREMIUM** LINE

## Hair Clipper **MC 9540**

### **Top quality – no compromises!**

Right at the front in the competition for best hair clipper. No matter whether wet or dry conditions. Technical advantages: high-quality ceramic blade with 40 mm trimmer width, 7 plug-in combs for cutting lengths of 1.5 to 20 mm, extra attachment for blending the hair as well as powerful NiMH battery for 40–50 minutes of wireless operation. All of this in a design that is both elegant and ergonomic with 6 LED displays. Included in delivery: Scissors, comb, cleaning brush, charging stand as well as fashionable case.

**ACTIVE** LINE

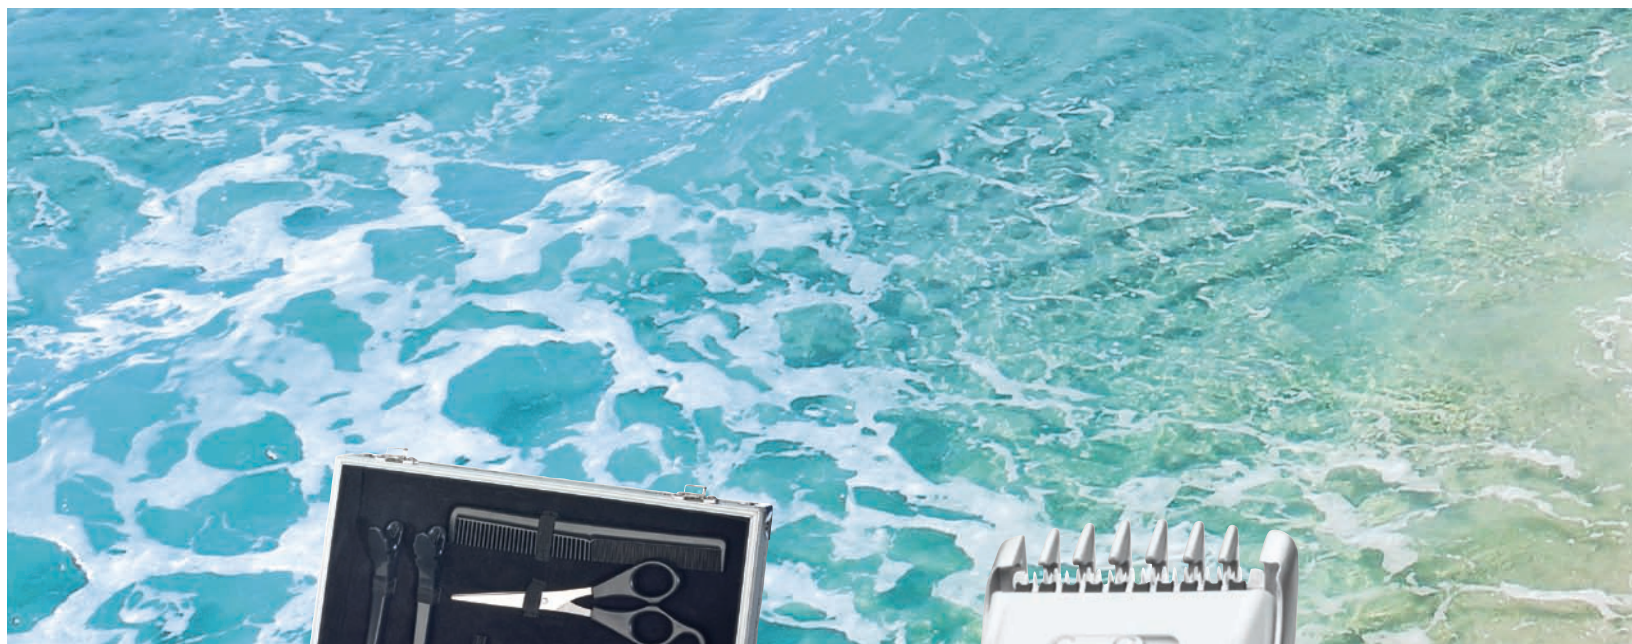

## Hair and Beard Clipper MC 7740

**Get close – down to the millimetre!**

If you have a keen eye for precision, this hair clipper has the ideal extendable plug-in comb system. With 2 plug-in combs, you can define the length of your hair in some 26 increments. That ranges from 1.5 mm to 42 mm! The powerful motor and the high-quality stainless steel blade guarantee top results. No matter whether you are trimming using the battery with LED display (up to 60 minutes) or mains operation. The trimmer width is 40 mm, the trimming grade lock guarantees safe operation. The elegant soft touch finish goes with the excellent technology. With all the useful accessories!

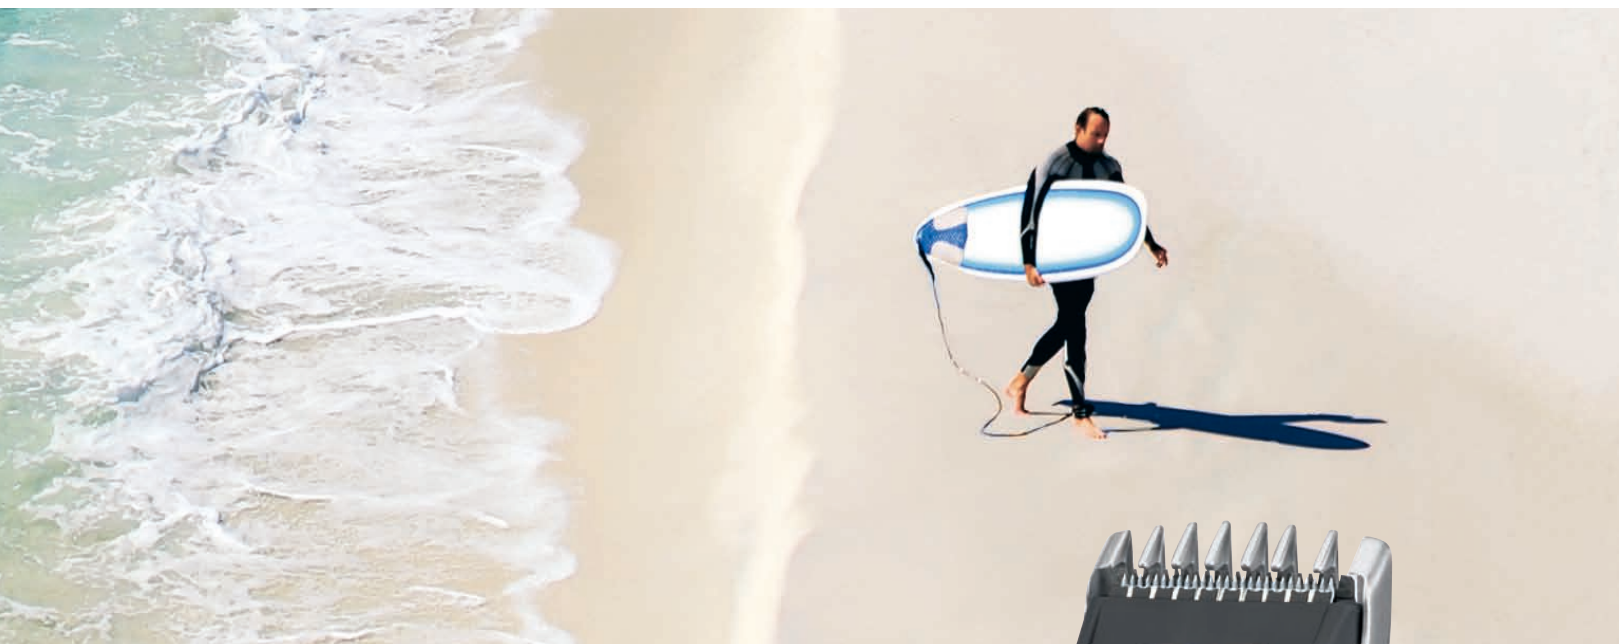

**ACTIVE** LINE

## Hair and Beard Clipper **MC 4841**

**Perfectly trimmed and always available!**

If you not only want to cut your hair perfectly yourself, but also want the complete range of accessories at hand at all times, our MC 4841 hair and beard trimmer set with all its accessories and a high-quality aluminium case is just right for you. The ultra-sharp ceramic blade with a 40 mm cutting width provides excellent results. The features make it a pleasure to use: ergonomic shape, telescopic comb system for cutting lengths of 1.5 to 36 mm, automatic trimming grade display, optional battery or mains operation, and much more besides. The wide range of accessories include a hairdresser's cape, hair clips, cleaning brushes and blade oil.

**ACTIVE** LINE

## Hair and Beard Clipper **MC 4840**

**Be a cut above the rest in future!**

Cutting your own hair can really be fun, provided you have the right equipment. With the MC 4840, the high-quality ceramic blade with a 40 mm trimmer width ensures top results. It has a flexible trimming length, which can be fixed in 15 increments between 1.5 and 36 mm thanks to the extendable plug-in comb system. Naturally, your chosen trimming length is fixed securely and accurately displayed. The powerful motor can be operated either on the mains or using the powerful battery, which has a capacity of around 45 minutes. A cleaning brush and oil are included.

**new!**

# For "razor-sharp" cutting and styling at home.

## Don't let things get "hairy".

Cutting at home is completely normal nowadays. Investing in very good technology already pays off after only a few cuts. It is important to make sure your equipment is good. Ergonomic design, light weight and simple operation are decisive. To make sure the result is "razor-sharp".

### ACTIVE LINE

## Hair Clipper MC 3720

### Benefit from distinctive excellence!

This appliance is ideal for anybody who wants to cut dry hair. This is aided by the powerful motor, the high-quality stainless steel cutting head as well as the 4 plug-in combs with trimming lengths of 3, 6, 9 and 12 mm. In addition, trimming lengths of between 0.1 mm and 3 mm can be set directly on the handle. The trimming width is 46 mm. Its 3 m cable allows you to cut continuously with this hair clipper and enables optimal freedom of movement. The useful accessories: comb, scissors, brush, oil and cutting head protection.

#### PREMIUM LINE

### 4-in-1 Beard and Detail Trimmer MT 6830

#### Style your beard in various ways!

No matter what your beard is like – this multi-talented appliance achieves the best results. The basic unit for mains or battery operation can be adapted using 4 replaceable, maintenance-free attachments for every task. 1.) Beard trimmer with 25 mm ceramic blade for a close trim. 2.) Trimmer attachment, 14 mm wide for cutting fine lines. 3.) Extendable plug-in comb system for both widths with 5 trimming levels from 2-10 mm. 4.) Shaving attachment with single blade foil for a smooth shave. All attachments are washable. Includes power supply, charging unit, comb and cleaning brush.

#### ACTIVE LINE

### Beard Trimmer MT 4640

#### Enjoy multiple features!

One of the advantages of having a beard is that you can change your look attractively. From casual and masculine to well-groomed. The MT 4640 offers you the ideal technology for this: 2 replaceable, maintenance-free ceramic cutting heads with trimmer widths of 11 mm and 22 mm for a precise cut. Pleasantly quiet operation, either with battery or mains. The length of your beard is determined by the easy-to-use plug-in combing system in 2 mm increments from 2 mm to 10 mm. And thanks to the innovative vacuum system, the trimmed hairs are collected cleanly and hygienically.

**ACTIVE** LINE

## 3-in-1 Multi Hair Trimmer **MT 6740**

**Technology you can rely on!**

Once you know how durable Grundig equipment is, you will always buy the latest technology to stay up to date for a long time. The latest example is this multifunction hair trimmer set with an attractive charger unit for operation on the mains or up to 60 minutes on its rechargeable battery. Its most important feature is its four interchangeable, washable attachments. The hair trimmer has a 38 mm ceramic blade, and the beard trimmer is 30 mm wide. The two telescopic plug-on comb systems fit both widths and allow trimming grades of 2 mm to 16 mm, in 2 mm increments. The set also includes a shaver attachment with a single blade foil for a smooth shave.

**ACTIVE** LINE

## 4-in-1 Body Hair Trimmer

### MT 5531

**Feel great from head to toe!**

Gentle, thorough hair removal is something we all think about. Arms and legs, armpits and neck, nose and ears, as well as intimate zone: this top appliance leaves no hair unshaved, either wet or dry. This is guaranteed by the high-quality stainless steel cutting head with 25 mm trimming width, complemented by an extendable plug-in comb for trimming lengths of 2, 4, 6, 8 and 10 mm. In addition to an extendable 14 mm precision trimmer for nose and ears as well as razor foil attachment for a smooth shave. Included in delivery: charging station for 35-minute battery operation, fine storage case and cleaning brush.

**ACTIVE** LINE

## Multi Hair Trimmer MT 1610

**Remove hair gently!**

It lies in the nature of things that hair grows where we could gladly do without. Whether eyebrows, upper lip, neck or intimate areas: the cosmetic trimmer guarantees gentle, thorough hair removal. It is safe, painless and very hygienic thanks to the washable blade. Besides to its high-quality stainless steel blade, the elegant, robust metal appliance has an extra attachment for shortening and/or thinning your eyebrows in 2 different lengths. The included 1.5 Volt Energizer battery serves as the power source.

**ACTIVE** LINE

## Nose and Ear Hair Trimmer MT 3910

**Keep your ears and your nose free of hairs!**

You feel so much better when your ears and nose are clean and free of hairs. It doesn't take much to do. Our compact, handy trimmer with its high-quality stainless steel cutting head removes annoying hairs gently, quickly and thoroughly. The principle of a trimmer attachment with a rotating cutter is ideal. Easy, hygienic cleaning and an ergonomic design for simple use add to the attractions of the appliance. Keep your ears and nose clean and free of hairs – and very quietly, too! The two 1.5 V batteries are included.

**PREMIUM** LINE

## Multi Hair Trimmer MT 9610

**Go for an even better look!**

However small and fine some hairs may be, in the wrong place they can influence your attractiveness. Hairs in your nose and ears haven't got a chance against this fine practical trimmer. And the precise attachment shortens and styles the contours of your beard, sideburns and the hairline at the back of your neck precisely. After use, the cutting head can be cleaned easily. A strong plus for good hygiene. Operated by a 1.5 Volt Energizer battery. This is included in the package.

# Let your trimming quickly take on new contours.

## Start the day well-groomed.

Your daily use of the Grundig men's shaver is simple and gives you precise results. Whether it's a close shave or beard styling: our technology adapts perfectly to individual hair lengths and characteristic facial features. The results are eye-catching.

### ACTIVE LINE

## Men's Shaver MS 7541

### Enjoy a very comfortable shave!

At first sight: particularly smooth and ergonomic design. The first sensation: extremely quiet operation. The first experience: a highly comfortable, fast and thorough shave. There are good reasons for this: 3-way cutting system with 2 counter-rotating blade blocks and central, extendable trimmer for perfect sideburns and a well-kept neck area. Flexible use thanks to NiMH battery with 60-minute speed charge function and up to 70 minutes operating time. Practical details: the switch-on lock and the LED battery display. With storage case and cleaning brush.

**ACTIVE** LINE

## Men's Shaver **MS 5840**

**Keep your beard in trim!**

Men need to concentrate on their beards when shaving, not on technology. A shaver must be comfortable to hold and must shave long hair and short stubble as smoothly as possible. With a triple cutting system (foil/blade/foil), an informative LED battery indicator and an elegant black/cool titan design, the MS 5840 sets the standards. Its counter-rotating blade blocks and trimmers guarantee excellent results, as does the doubly extendable trimmer for sideburns and neck hairs. The batteries take 7 hours to recharge and operate for 70-80 minutes. Included in delivery: NiMH battery and pouch.
